

Date: 09-11-2022

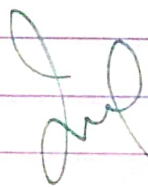

A meeting of NAAC Committee held to-day at 02:00 PM. Previous agenda were discussed in detail on Green initiatives. Members expressed pleasure that Green Campus is now looking very beautiful.

In near future, we will work and do our best for installing "SOLAR ENERGY." All members agreed on this point.

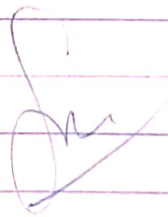

Thoughts involved were:

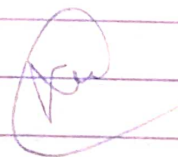

- 1) Renewable energy source.
- 2) Reduce air pollution.
- 3) Reduces green house emissions.
- 4) It doesn't consume water to function.

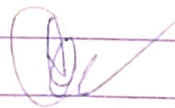

Meeting concluded with vote of thanks.
